Stand Alone Practice Areas

- Social Security Disability

Stand Alone Practice Areas - In Discussion

- Business Litigation
- Criminal Defense
- Custody & Divorce
- Immigration
- Will Contests

Unless otherwise noted (as "R" Rejection or "PR" Pending Review), the default for all litigations is an automatic contract. Status is either "Contract Pending" or "Closed - Automatic Rejection".

PR - Pending Review - litigations above designated as "*PR*" are not sent automatic contracts by default. The bot asks relevant criteria questions, but the cases are listed as "Pending Review" on the Dashboard and the client is told the law firm will need to gather additional information before moving forward with a lawsuit.
